

TEAMSTER'S STRIKE

Railroad Companies and Employers Do Not Agree.

STREET FIGHTS NUMEROUS

Striking Teamsters and Their Sympathizers Assault Drivers With Stones and Several People Shot and Some Brutally Beaten by Strikers.

Chicago, May 2.—The strike situation in Chicago assumed peculiar aspects today, and tonight the interests which have been opposing the striking teamsters are not as united as heretofore. The cause of this dissension is that the team owners' association which has contracts with the railroad companies and many large firms throughout the city refuse to transfer their merchandise. Until today it was supposed that the Employers' Association and their attorneys were firmly bound together in the fight for supremacy against the teamsters.

The team owners' association, which employs none but union teamsters, flatly refused this afternoon to make deliveries to any of the firms now involved in the strike, when ordered to do so by the employers' association. When the employers received this ultimatum they notified the team owners that unless they recognized the request no discrimination would be made to have all existing contracts between the team owners and business railroad men, contrary to the hopes of the members of the employers' association, refuse to exert the influence upon the team owners as was expected. They took practically the same stand, declaring that the fight was something into which the railroads did not propose to enter.

The commission team owners and the lake transportation team owners' association also take a similar stand to that of the Chicago team owners' association. One thousand men will be added to the police force tomorrow and will be put on strike duty as rapidly as needed. Nine hundred of them will be placed on State street alone.

The fighting today in the streets was even more fierce and savage than yesterday. Strikers and their sympathizers attacked non-union men at every opportunity, assailing them with bricks, stones, clubs, knives and any other weapon upon which they could lay their hands. The fighting occurred in the heart of the business section of the city, men being shot down within 200 feet of the retail store of Marshall, Field & Co., and clubbed nearly to death at the corner of the Auditorium hotel in plain view of hundreds of ladies, who were compelled to run from the mob to save their lives. In many instances men walking along the streets, who had no active connection whatever with the strike, were assaulted by hoodlums who beat them first and then accused them of being strike breakers.

As far as is known but one man was killed today. The list of the injured number 27, but the whole number hurt is much greater than it is possible to obtain. In many cases the union men swung their clubs with great effect, knocking men from their wagons heading into the street. In other instances when assailed by mobs the non-union men fired point blank into crowds and it was difficult to see how members of the mob could escape many broken heads or how bullets fired should have gone wild. Although it was announced last night by the

FAMINE PREDICTED

Coal Famine Imminent Account of Strike.

CAR LINE TO CLOSE DOWN

Indications That All Traffic in Chicago Will Be Shut Down Unless the Situation in the Strike of Teamsters is Settled Very Shortly.

Chicago, May 2.—The need for coal rapidly is developing into one of the most important factors of the teamsters' strike. With the exception of Marshall, Field & Co., and one or two other big houses the supply of fuel on hand in State street averaged from two to four days. Marshall, Field & Co. have coal for two weeks or more.

It is admitted by the coal dealers, who are even more reticent than the department store managers, that the crisis in the coal situation will come today or tomorrow.

The seriousness of the situation was emphasized by John C. Feizer, receiver for the Union Traction Company, who said:

"In several of our stations, unless we get coal in 24 hours we will have to close down. Of course we will try every possible scheme first."

TAKE PLACES OF STRIKERS.

Nearly One Thousand Men Go from St. Louis to Chicago.

St. Louis, May 2.—A special train, bearing 475 men left here early this morning over the Illinois Central for Chicago, where they expect to take the places of the striking teamsters. It is said 500 more are expected to depart tonight.

The work of getting the men into and out of this city was conducted with the utmost secrecy. Half of the men were from Southern Illinois and Kentucky. Most of those from the latter state were negroes.

LIVESTOCK CIRCLES

Interest in First Annual Convention of Stock Growers.

WILL CONVEY IN DENVER

Indications Point to One of the Largest Gatherings of Stockmen in the United States—President Roosevelt Will Deliver Address.

Denver, May 2.—Livestock circles are manifesting a great interest in the first annual convention of the American Stock Growers' Association, to be held in Denver commencing May 29. The executive committee meets here on May 8. President Roosevelt is to be in Denver on that date and is expected to meet many of the stockmen.

The movement represented by the association is receiving strong support, not alone from livestock growers, but from other bodies organized for the benefit of the particular industry.

Railways have made a one fare rate from the country west of Chicago, and St. Louis to Denver for this convention and a large attendance is expected.

Murdo Mackenzie of Trinidad, Cal., is practically the only man mentioned for the presidency of the association, which is now vacant, owing to the death of Conrad Schaefer.

MORMONS IN UTAH.

They Seek to Dominate the Political Situation.

New York, May 2.—Former United States Senator Frank J. Cannon of Utah has addressed a meeting here under the auspices of the international council of women. He repeated his recent declaration to the effect that the Mormons seek to dominate politics in Utah, Idaho and Wyoming and that they have also great power in Colorado. Theodore F. Schrader of Utah spoke along similar lines.

Resolutions were adopted which provide:

"That a committee of citizens of New York city and neighborhood be appointed to correspond and co-operate with the Loyal Americans of Utah, and that it is the unanimous sense of this meeting that in view of the evidence brought out before the senate committee, Senator Reed Smoot shall be expelled from the senate of the United States."
